

Isolator Plus® N95 Particulate Respirator

Maximum Filtration

A NIOSH approved N95 Particulate Respirator that meets guidelines for TB exposure control. Indicated for use when treating patients with airborne diseases such as TB or Influenza.

REF# GPRN95 28/BOX

BLUE/WHITE
STRIPE

- CE 0121 – In reference to EN 149: 2001 FFP2
- Fluid Resistance – 160mmHg
- PFE = 99.9% @ 0.1 Micron
- BFE = 99.9% @ 3.1 Micron
- Dual elastic headband
- Malleable aluminum nose and chin pieces
- Fluid resistant inner and outer layers
- Chin pocket construction for secure fit
- Blue/White stripe outer layer
- White inner layer

Product Name: Isolator Plus®
N95 Particulate Respirator

Latex: No

CE: Yes

Made in USA: Yes

Worth Knowing:

Select the best mask for the task!

Crosstex masks meet Low (Primary), Moderate and High ASTM* performance classifications, based on: fluid resistance, filtration value, breathability and flammability.
